PistonPower™ Firewall Forward Maintenance Program Agreement

Agreement Number: FF _____

This PistonPower™ Firewall Forward Maintenance Program Agreement (“Agreement”) is entered into as of [Agreement Start Date], by and between [Client], [State of Formation/Entity Type] (“Client”), and PistonPower™, Inc., a Florida corporation.

The Parties

PistonPower™ provides technical, logistical, and cost-management guidance and other services and advice to owners of piston engine aircraft in connection with scheduled and unscheduled engine repairs and related aviation issues. PistonPower™’s services include coordinating scheduled and unscheduled Maintenance and repairs. PistonPower™ identifies aircraft Maintenance, Service, and Repair Facilities—throughout North America—authorized by engine manufacturers and/or the FAA (or their counterpart worldwide) to perform the types and level of Maintenance required to return an engine to service. PistonPower™ makes these services available to owners of piston engine aircraft under a PistonPower™ Scheduled Engine Maintenance Program Agreement.

Client is the owner, lessee, lender, or operator of a piston engine aircraft that is seeking services and advice related to unscheduled engine repairs, cost-management, technical guidance, and overall advice regarding the maintenance and general use of their aircraft.

Purpose and Intent

Because of PistonPower™’s technical expertise and knowledge, Client and PistonPower™ desire to enter into a PistonPower™ Scheduled Engine Maintenance Program Agreement on the terms and conditions stated below.

Terms and Conditions

All capitalized terms in this Agreement shall have the meanings ascribed to them in this Agreement or in Exhibit A (Defined Terms), which is part of and incorporated into this Agreement.

The parties acknowledge that this Agreement is not a warranty or an insurance policy or product, and the Agreement requires the Client to maintain a hull and liability insurance policy that covers, at a minimum, the market value of the Aircraft and Engine for physical damage.

- I. **Engine(s) Covered.** This Agreement covers the Engine(s) identified on Exhibit B—that is part of and incorporated into this Agreement—while the Engine(s) and Covered Accessories are installed on the Aircraft identified on Exhibit B.
- II. **PistonPower’s Roles and Responsibilities**
 - A. **Advice and Guidance.** PistonPower™ shall provide guidance and support in connection with Scheduled Maintenance and Unscheduled Maintenance covered by this Agreement, cost-management or cost-containment advice, and, as needed, general infor-

mation regarding reputable sellers of aircraft components or accessories, aircraft repair facilities, and aircraft storage facilities throughout the United States and abroad.

B. FAA-Approved Repair Facility (or their counterpart worldwide). PistonPower™ shall identify, in consultation with the Client, an FAA-Approved Repair Facility (or their counterpart worldwide) acceptable to PistonPower™ that is authorized to perform service, maintenance, and repairs under this Agreement.

C. Scheduled Maintenance.

1. Scheduled Maintenance shall be performed by an FAA-Approved Repair Facility (or their counterpart worldwide) at PistonPower™'s expense for parts and labor, subject to a purchase order issued by PistonPower™ on the Client's behalf, and subject to the Client's Pro Rata share, if applicable. The Client agrees to notify PistonPower™ at least sixty (60) days in advance of Scheduled Maintenance.
2. If the Client elects to perform Scheduled Maintenance in advance of a Scheduled Event, PistonPower™ may, in its sole discretion, require the Client to pay a portion of the total cost of such Scheduled Event, or adjust any applicable Client Pro Rata accordingly, based upon the time remaining until the Scheduled Event was scheduled to occur.
3. If the Client is required to perform Scheduled Maintenance based on a calendar interval versus an hourly interval and their hourly rate was calculated based on the hourly interval, PistonPower™ may, in its sole discretion, require the Client to pay a portion of the total cost of such Scheduled Maintenance based on the money collected for the hourly interval versus the calendar interval. [For example, an Engine has an implied 2000-hour overhaul interval, as well as a 12 year calendar interval and the Client is required to comply with the Inspection at 1750 hours TSN/TSOH the Client Pro Rata would be calculated as follows: 1750 hours divided by the Inspection interval 2000 hours or 12.5%, the Client Pro Rata.]

D. Unscheduled Maintenance.

1. Unscheduled Maintenance for certain parts or part numbers as identified on Exhibit C to this Agreement, shall be performed by an FAA-Approved Repair Facility (or their counterpart worldwide) at PistonPower™'s expense for parts and labor, including the labor hours expended in Troubleshooting up to a maximum of two (2) hours. The Client shall be responsible for any additional troubleshooting hours unless approved in advance by PistonPower™. Such advance approval shall not be unreasonably withheld.
2. Upon being notified by Client that an Engine requires Unscheduled Maintenance and of the location and condition of the affected aircraft, PistonPower™ shall coordinate with an FAA-Approved Repair Facility (or their counterpart worldwide) to initiate one or more of the following actions, as it deems appropriate:
 - I. Dispatch appropriate personnel to the specified location; or
 - II. Initiate timely Maintenance pursuant to a purchase order issued by PistonPower™ whenever practicable.

3. In the event the FAA-Approved Repair Facility (or their counterpart worldwide) is required to access an internal Engine Component in the course of performing Unscheduled Maintenance of a covered Component, PistonPower™ will only pay for 100% of the Unscheduled Maintenance that directly caused entry to the Engine in order to return the Engine to service.

E. Buy-In. PistonPower™ and the Client agree, in accordance with the hours consumed on the Engine or Accessories, that the Client shall be responsible for its Pro Rata share of each Scheduled Event and/or Accessory upon inspection and log book review. The Client agrees to pay PistonPower™ a Buy-In to remove all Client Pro Rata's at Agreement signing in accord with the Buy-In stated on Exhibit B.

Notwithstanding anything to the contrary set forth herein, the Client shall pay the Buy-In Fee as described on Exhibit B, if applicable, at the time of the execution of this Agreement. No further Pro Rata payments by the Client will be required hereunder, except as specifically described in Subsections (C)(1) and (2) above, as applicable.

F. Freight Charges. PistonPower™ shall pay all domestic (USA ONLY) truck/ground freight charges (if applicable and approved in advance by PistonPower™) incurred in connection with the shipping of an Engine/Covered Component or Covered Accessory in connection with maintenance covered under this Agreement.

G. Rental Components. Subject to the specific provisions of this subsection, PistonPower™ shall pay the costs to provide a Rental Component, if required and available, during Unscheduled Maintenance covered by this Agreement that requires more than ten (10) business days AOG. As a condition to the FAA-Approved Repair Facility (or their counterpart worldwide) furnishing a Rental Component to the Client in connection with maintenance or repair covered hereunder, a Rental Agreement shall be executed between the Client and the FAA-Approved Repair Facility. In no event shall PistonPower™ pay for any Rental Component for more than three (3) business days after completion of the Unscheduled Maintenance, and any rental charges incurred thereafter shall subject the Client to the FAA-Approved Repair Facility's (or their counterpart worldwide) standard rental charges. In the event a Rental Component is provided in connection with any Exclusions, the Client shall be solely responsible for the FAA-Approved Repair Facility's (or their counterpart worldwide) normal rental charges. PistonPower™ has no obligation under this Agreement to pay any costs in connection with the repair, maintenance, or failure of a Rental Component. As well, PistonPower™ has no liability for any consequential damage resulting from the use of a Rental Component.

H. Replacement Components and Replacement Accessories. Components and Accessories installed under this Agreement will not necessarily be new unless approved in writing by PistonPower™ in advance. PistonPower™ will only pay for the Component(s) requiring replacement, not the entire or upgraded Assembly.

I. No Conversion. Nothing stated in this Agreement shall be deemed to provide for the conversion of any Engine to a later or improved model or for the replacement of serviceable Components in response to design changes or regulatory changes after manufacture of the Engine.

J. Replaced Hardware and/or Components and Accessories. All non-consumable hardware and/or Components and Accessories removed and replaced during Engine repair

shall become the property of PistonPower™ and may not be destroyed or removed from the FAA-Approved Repair Facility without the prior written consent of PistonPower™.

- K. Missing Components and Accessories.** Client shall be responsible for the costs to replace any Component or Accessory that is missing from an Engine covered hereunder. In addition, the Client shall be responsible for the costs to recertify any Component missing its document of certification, if required.
- L. Prices for Parts and Labor.** In no event shall PistonPower™ be required to pay (i) a price for any Component that exceeds the then-current OEM retail prices, as listed in the OEM parts catalog, or 110% of the price paid to the Component provider whichever is less; or (ii) labor rates that exceed the then-current regional labor rate.
- M. Warranty Maintenance.** Unless otherwise agreed to by the parties, in writing, all warranty maintenance shall be completed by an OEM/FAA Approved Repair Facility (or their counterpart worldwide) authorized to perform warranty maintenance and acceptable to PistonPower™.
- N. Technical Advisor.** PistonPower™ shall provide technical guidance, by a technical advisor, and support in connection with Scheduled Maintenance and Unscheduled Maintenance covered hereunder.
- O. Exclusions.** In no event shall PistonPower™ be responsible for:
 - 1. Costs incurred to remedy or repair any loss or damage to an Engine in any way attributable to Abuse;
 - 2. Costs incurred for repair logistics expenses related to remote/on-site maintenance activities, including, but not limited to, rental equipment, travel, meals, lodging;
 - 3. Costs incurred to remedy or repair any loss or damage to a Covered Aircraft or Engine in any way attributable to a Non-Covered Component or Accessory failure that causes damage to any Covered Component and Accessory;
 - 4. Costs incurred to remedy or repair any loss or damage attributable to any external causes whatsoever, including, but not limited to, fire, extinguishing of fire, accident, Lightning Strike, explosion, impact or collision including Foreign Object Damage, prior damage history, total particulate matter (any solid particles or liquid droplets of all sizes that remain suspended in the air for any length of time, including, but is not limited to, volcanic ash, soot, dust, and fumes) and aerosols, corrosion, erosion, burglary, theft, vandalism, or natural catastrophe or any consequence of war, terrorism, invasion, act of foreign enemy, hostilities, civil war, rebellion, revolution, insurrection, mutiny, riot, strike, lock-out, labor disruption, civil unrest, military or usurped power, conspiracy, confiscation, commandeering, requisition or destruction of or damage to property by order of any government or any public authority;
 - 5. Any labor or other costs arising in connection with a discretionary or optional Inspection (including inspections associated with the potential sale, transfer, export or import of the Aircraft), and any costs to remedy or repair discrepancies identified by such Inspection, which Inspection was not directly necessitat-

ed by the malfunction of an Engine, Accessory, or Component or part thereof, or required in connection with a Scheduled Event or a Routine Inspection.

6. Items in need of repair to the extent covered by insurance or applicable warranty;
7. Consumption of fuels, lubricants, fluids and gases, seals, rubber shock mounts, gaskets, alternator/air conditioner belts;
8. Costs to remedy or repair any loss or damage incurred while the Covered Engine is under the care, custody, and control of the FAA-Approved Repair Facility;
9. Payment of environmental fees, duties and import tariffs applicable to:
 - I. The repair, maintenance, sale, use, delivery, or transportation of the Covered Engine, Components or Accessories;
 - II. Maintenance arranged or facilitated under the Agreement; or
 - III. Repair logistics expenses related to on-site maintenance activities.
 - IV. Any charges for overtime, night work, public holidays, call-out charges, or premium fees, unless otherwise agreed to by PistonPower™ in writing.

P. Limitation of Liability, Specific Exclusions, and Disclaimer of Warranty. Client acknowledges and agrees that:

1. All repair and maintenance work performed under this Agreement will be performed by an FAA-Approved Repair Facility and not by PistonPower™. The FAA-Approved Repair Facility (or their counterpart worldwide), when performing maintenance for Client in accord with this Agreement, shall be doing so as an independent contractor and shall in no case be considered an agent of PistonPower™.
2. PistonPower™ will use its best efforts to resolve any reasonable disputes between Client and the FAA-Approved Repair Facility (or their counterpart worldwide) but does not warrant or guarantee the work of any FAA-Approved Repair Facility (or their counterpart worldwide) in any respect. All warranties for repair and maintenance work performed shall be provided directly to Client by the FAA-Approved Repair Facility (or their counterpart worldwide) providing such maintenance. PistonPower™ hereby assigns to Client any and all warranties, if any, that an FAA-Approved Repair Facility (or their counterpart worldwide) may provide to PistonPower™ in connection with providing such maintenance.
3. PistonPower™ makes no warranty or representation, whether express, implied, statutory, or otherwise to the Client in connection with any repair and maintenance performed by an FAA-Approved Repair Facility (or their counterpart worldwide), whether arising under this Agreement or otherwise, including, without limitation, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
4. In no event shall PistonPower™ be liable to Client for any loss or damage of any kind in any way relating to the performance of any repair and maintenance

work by an FAA-Approved Repair Facility (or their counterpart worldwide) or any other maintenance provided by third parties in connection with this Agreement, whether based on breach of contract, tort, or any other theory or doctrine.

5. In no event shall PistonPower™ be liable to the Client for any lost profits or savings, loss of data, loss of revenue, loss of use or money, loss of business, loss of opportunity, or any incidental, special, indirect, or consequential damages (whether or not also constituting one of the foregoing specific types of loss).

Q. Authorized Maintenance Performed by the Client. If Client is authorized by the Governing Aviation Authority, under FAR Part 43, Appendix A, Paragraph C, preventive maintenance or the Engine OEM, and approved by PistonPower™, to perform Unscheduled Maintenance (after the expiration of any applicable OEM's warranty period), the Client must deliver to PistonPower™ a completed Reimbursement Request Form and any other documentation reasonably requested by PistonPower™ within ten (10) business days of the labor performed and PistonPower™ shall reimburse Client in accordance with this Agreement.

III. Client's Responsibilities.

- A. Pre-Enrollment Engine Review.** The Client, at their expense, must submit the requested Covered Engine for a Pre-Enrollment Engine Review, which consists of an inspection of the Engine and associated logbooks to determine the eligibility for acceptance of any Engine into the Program.
- B. Operation and Maintenance.** During the term of this Agreement, Client shall:
 1. Operate and maintain the Engine in accord with the applicable Aircraft and Engine operating manual and in accord with all applicable Aircraft and Engine OEM maintenance manual recommendations and procedures.
 2. Be responsible for all Costs incurred in connection with general hardware, shop supplies, taxes, import duties, consumption of fuels, lubricants and fluids, de-ice fluids, all consumables, including but not limited to belts, gaskets, O-rings, seals spark plugs, rubber shock mounts and for parts or labor incurred in connection with compliance with any Service Bulletin, inspections for continued airworthiness (ICA) or Mandatory Airworthiness Directive issued by the FAA (or their counterpart worldwide).
 3. Be responsible for all consumables including but not limited to belts, lubricants, fluids
 4. Not operate Aircraft and Engine for any Prohibited Purpose.
 5. Have all warranty maintenance completed by a Repair Facility authorized by the OEM to perform warranty maintenance, licensed by the FAA (or their counterpart worldwide) and acceptable to PistonPower™ unless otherwise agreed to in writing and signed by the parties. The Engine manufacturer (OEM) or maintenance providers Warranty is always applied first and any remaining repair costs will then be considered with the appropriate application.

6. Promptly report any Exclusion or discovery of any damage to the Aircraft or Engine, which may result in an Exclusion to PistonPower™.
7. Upon request from PistonPower™, permit engine exceedance testing to be performed on the Covered Aircraft and Engine. The testing shall be performed by a Repair Facility in accordance with generally accepted practices to determine if any exceedance of the OEM's Engine parameters has occurred. PistonPower™ has the right to collect and examine any and all testing data related to the Engine or Components and/or Accessories. Client shall preserve all such data.
8. At its cost, participate in an engine trend monitoring program for the Engine, as requested.
9. At its cost, submit Engine oil samples and filter elements for analysis by PistonPower™'s approved laboratories at each and every oil change or as directed by PistonPower™ using an oil analysis kit approved by PistonPower™.
10. Permit PistonPower™ to determine in good faith and utilizing the Client's trend monitoring data as described above whether Client's operation of the Aircraft or Engine is in accord with the current Aircraft Flight Manual.
11. Return each Component or Accessory replaced under this Agreement (a "Core") to the Repair Facility or other provider of the replacement Component in accordance with such facilities or provider's requirements.
12. Be responsible for payment of any late fees assessed due to Client's failure to timely return a Core. Client acknowledges that PistonPower™ shall invoice Client for the full retail price of any Core not returned in accordance with this provision.

C. Client's Representations and Warranties

1. Client represents and warrants that it has, to the best of its knowledge, disclosed to PistonPower™ any Exclusion or damage to the Aircraft or Engine known to or suspected by it.
2. Client represents and warrants that the logbooks and records for the Covered Aircraft and Engine now contain, and shall continue to contain, accurate entry of all operating times, operating events, and any modifications, repairs, or maintenance required to be recorded for the purposes of this Agreement and by the FAA, the OEM, or as required by law. Client shall promptly furnish such information to PistonPower™ upon request and at the conclusion of each Agreement Year. During Scheduled Maintenance and Unscheduled Maintenance, Client shall provide all logbooks and any other pertinent operating records, if required, with the Covered Aircraft and Engine to the Repair Facility designated to perform the specified maintenance or repairs.

- D. Insurance.** Client shall maintain throughout the term of this Agreement a hull and liability insurance policy which covers the market value of the Covered Aircraft and Engine for physical damage.

IV. **Transfer, Termination and Continuation of Service.**

- A. Term; Renewal Agreement.** The initial term of this Agreement is sixty (60) months. Except in accord with the specific provisions of this Section III, this Agreement is non-cancelable by either party. At the conclusion of each sixty (60) month period, a renewal agreement subject to the then-current PistonPower™ terms and conditions shall be issued to the Client, with such agreement not to be unreasonably withheld, conditioned, or delayed. At the time of issuance of such renewal agreement, Client must be in compliance with all terms and conditions of this Agreement, including, but not limited to, payment of Overage Charges and Minimum Service Charges. The beginning Account Balance under such renewal agreement shall be equal to the amount of the Account Balance at the conclusion of this Agreement, calculated as described in Exhibit A. Failure to sign the renewal agreement will result in forfeiture of all money in the account.
- B. Assignment.** This Agreement may not be assigned by the Client without the prior written consent of PistonPower™. PistonPower™ shall be entitled to assign some or all of its rights and remedies under this Agreement without notice or prior consent of Client.
- C. Transfer of Aircraft to Affiliate.** In the event the Client determines to transfer the Covered Aircraft to an Affiliate during the term of this Agreement, the Client shall provide written notice to PistonPower™ at least ten (10) days prior to the date of such transfer. Such notice shall include the name and address of the Affiliate, the intended use of the Aircraft, the State/Country and climate in which the Affiliate intends to operate the Aircraft, and any other information reasonably requested by PistonPower™. If the Client is in full compliance with the terms and conditions of this Agreement at the time of the proposed assignment, then PistonPower™, the Client, and the Affiliate shall take all necessary steps to arrange for the assignment and assumption of all rights and obligations of Client under this Agreement to such Affiliate. Notwithstanding the foregoing, in the event the Client assigns its rights and obligations under this Agreement to an Affiliate as provided in this subsection, and such Affiliate intends to utilize the Aircraft in a manner or in a geographical climate or region that warrants an adjustment to the Agreement Terms and/or Hourly Rates, PistonPower™ shall have the right to make an appropriate adjustment to the Agreement Terms and/or Hourly Rates. The Account Balance under this Agreement after such assignment shall be the same as the amount of such Account Balance immediately prior to such assignment, calculated as described in Exhibit A.
- D. Sale of Covered Aircraft: New Agreement with Purchaser.** In the event the Client determines to sell the Covered Aircraft during the term of this Agreement, the Client shall provide written notice to PistonPower™ at least ten (10) days prior to the date of closing of such sale. Such notice shall include the name, telephone number, email address, and address of the Purchaser, the estimated Covered Aircraft and Engine Operating Hours as of the closing date, and any other information reasonably requested by PistonPower™. If the Client is in full compliance with the terms and conditions of this Agreement at the time of sale, the Purchaser's creditworthiness is acceptable to PistonPower™, the Purchaser is acceptable to PistonPower™, and the Purchaser desires to maintain enrollment in the Program, PistonPower™ and the Client shall take all necessary steps to arrange for the execution and delivery of a new agreement between PistonPower™ and the Purchaser. The new agreement will be subject to the then-current PistonPower™ terms and conditions, including the then current Hourly Rate and Transfer Fee, and shall be entered into on or before the closing date of such sale. The beginning Account Balance un-

der such new agreement shall be equal to the amount of the Account Balance at the conclusion of this Agreement, calculated as described in Exhibit A. In addition, this Agreement shall be terminated, and neither PistonPower™ nor the Client shall have any further obligations under this Agreement, effective as of the date PistonPower™ and the Purchaser enter into the new term agreement.

- E. Sale of Covered Aircraft: Termination of Agreement.** In the event of a sale of the Covered Aircraft to a Purchaser (which Purchaser shall not be an Affiliate of the Client) not desiring to participate in the Program, PistonPower™ shall consent to termination of this Agreement with the Client under the following terms:
1. The receipt by PistonPower™ of any data and documents reasonably requested by PistonPower™ in order to establish the Client's liabilities and/or obligations accrued under this Agreement;
 2. Full payment of all amounts due and owing by the Client through the date of termination of this Agreement;
 3. Receipt by PistonPower™ of evidence satisfactory to PistonPower™ of the sale of the Covered Aircraft; and
 4. Return of all equipment on loan to the Client hereunder.
- F. Upgrade of Program: New Agreement with Client.** In the event the Client desires to upgrade to another PistonPower™ Engine Maintenance Program Agreement at any time during the term of this Agreement, the Client shall provide written notice to PistonPower™ requesting the upgrade. Such notice shall include the program type and the desired effective date of such upgrade. If the Client is in full compliance with the terms and conditions of this Agreement at the time of the proposed upgrade, then PistonPower™ and the Client shall take all necessary steps to arrange for the execution and delivery of a new agreement between PistonPower™ and the Client under the desired program, subject to the then-current PistonPower™ terms and conditions. This Agreement shall be terminated as of the date PistonPower™ and the Client enter into the new agreement, and neither PistonPower™ nor the Client shall have any further obligations under this Agreement.
- G. Early Termination: Irreparable Damage or Theft of Aircraft.** In the event the Covered Aircraft is damaged beyond economical repair or is unrecoverable because of theft, or otherwise is a complete loss, the Client shall provide written notice to PistonPower™ describing such damage, theft, or loss within five (5) business days following the occurrence and shall pay all amounts then due and owing under this Agreement and return all equipment on loan to the Client under this Agreement. The liability of the parties in further performance of this Agreement shall be terminated effective as of the date of such damage or theft.
- H. Early Termination: Client's Failure to Pay or Failure to Perform.** In the event the Client fails to pay any amounts due and owing within thirty (30) days after such amounts are due, or fails to perform any of its other obligations under this Agreement or under any other written agreement between the Client and PistonPower™, PistonPower™ shall have the right to terminate this Agreement after providing written notice to the Client of such failure to perform and the passage of a thirty-day (30) period where such failure to perform persists. This Agreement shall be terminated effective as of the date of the

Client's receipt of a written notice from PistonPower™ advising the Client of the termination. In connection with any such termination, the Client shall immediately pay all amounts due and owing by the Client through the date of termination of this Agreement and return of all equipment on loan to the Client under the Agreement. In connection with any such termination:

1. The Client shall immediately pay all amounts due and owing by the Client through the date of termination of this Agreement, including any Minimum Service Charges;
2. The Client's right to any amounts previously paid by it to PistonPower™ shall be forfeited;
3. The Client's rights in and to the Credit and Account Balance as of the date of such termination shall be forfeited; and
4. Return of all equipment on loan to the Client hereunder.

I. Early Termination: Falsification, Misrepresentation or Withholding of Data. In the event the Client falsifies, misrepresents, or withholds any data required to be maintained or submitted to PistonPower™ or any FAA-Approved Repair Facility pursuant to this Agreement or pursuant to any other written agreement between the Client and PistonPower™, PistonPower™ shall thereafter have the right to terminate this Agreement by providing written notice thereof to the Client. The liability of the parties in further performance of this Agreement shall be terminated effective as of the date of the Client's receipt of such notice. In connection with any such termination, the Client shall immediately pay all amounts due and owing by the Client through the date of termination of this Agreement and return of all equipment on loan to the Client under the Agreement. In connection with any such termination:

1. The Client shall immediately pay all amounts due and owing by the Client through the date of termination of this Agreement, including any Minimum Service Charges;
2. The Client's right to any amounts previously paid by it to PistonPower™ shall be forfeited;
3. The Client's rights in and to the Credit and Account Balance as of the date of such termination shall be forfeited; and
4. Return of all equipment on loan to the Client hereunder.

J. Early Termination: Insolvency or Bankruptcy. PistonPower™ shall have the right to terminate this Agreement under the following circumstances:

1. The Client is or becomes insolvent or generally fails to pay or admits in writing its inability to pay debt owed as it becomes due; or
2. The Client applies for, consents to, or acquiesces in the appointment of a trustee, receiver, or other custodian for the Client or any of its property, or makes a general assignment for the benefit of creditors, or, in the absence of such application, consent, or acquiescence a trustee, receiver, or other custodian is ap-

pointed for the Client for a substantial part of Client's property and is not discharged within sixty (60) days; or

3. Any bankruptcy, reorganization, debt arrangement, or other case or proceeding under any bankruptcy or insolvency law is commenced in respect of the Client, and if such case or proceeding is not commenced by the Client, it is consented to or acquiesced by the Client or remains pending for sixty (60) or more days; or
4. Any proceeding shall be instituted by or against the Client for its liquidation or dissolution; or
5. If the Client's business, which has an interest in the Covered Aircraft, shall terminate for any reason or the Client takes any action to authorize, any of the foregoing.

PistonPower™ shall have the right to terminate this Agreement by providing written notice thereof to the Client and the liability of the parties in further performance of this Agreement shall be terminated effective as of the date of the Client's receipt of such notice. In connection with any such termination as described in this Section, the Client shall immediately pay all amounts due and owing by the Client through the date of termination of this Agreement, including any Minimum Service Charges and return of all equipment on loan to the Client under the Agreement. In connection with any such termination:

1. The Client shall immediately pay all amounts due and owing by the Client through the date of termination of this Agreement, including any Minimum Service Charges;
2. The Client's right to any amounts previously paid by it to PistonPower™ shall be forfeited;
3. The Client's rights in and to the Credit and Account Balance as of the date of such termination shall be forfeited.

K. Early Termination: Repossession. In the event that during the Agreement term the Covered Aircraft is repossessed by a lender, lessor, or third party who does not wish to continue the Agreement, the parties hereto shall have no further obligations under this Agreement, except as follows:

1. The receipt by PistonPower™ of any data and documents reasonably requested by PistonPower™ in order to establish the Client's liabilities accrued under this Agreement;
2. Client shall immediately pay all amounts due and owing by the Client through the date of repossession of the Aircraft, including any Minimum Service Charges; and
3. The Client's right to any amounts previously paid by it to PistonPower™ shall be forfeited;
4. The Client's rights in and to the Credit and Account Balance as of the date of such termination shall be forfeited; and
5. Client shall return all equipment on loan to the Client under this Agreement.

L. Account Balance Credit Towards Replacement Aircraft.

In the event (i) the Client sells the Aircraft and the Purchaser does not wish to enroll in the Program (as provided in Subsection IV(E) above), or (ii) this Agreement is terminated because of damage to or theft of the Aircraft (as provided in Subsection IV(G) above), the Client shall have the rights set forth in this Subsection IV(L).

If the Client elects to enroll a Replacement Aircraft in the Program and enter into a new agreement covering such Replacement Aircraft, the Client shall be eligible to apply the amount of its Account Balance under this Agreement, calculated as described in Exhibit A, against either (1) the amount of the Buy-In, if any, due under the new agreement for the Replacement Aircraft if the Replacement Aircraft is an In-Service Aircraft; or (2) the amount of monthly flight hour payments due under such new agreement if the Replacement Aircraft is a New Aircraft. The Client's rights under this Subsection IV(L) shall expire in the event that the Client does not enter into a new agreement for a Replacement Aircraft within twelve (12) months from the date of the termination of this Agreement pursuant to either Subsection IV(E) or (G), as applicable.

V. Fees and Other Charges.

- A. Agreement Effectiveness.** PistonPower™ shall have no obligations under this Agreement unless and until this Agreement is executed and delivered by both parties, all Initial Fees as specified on Exhibit B are paid, the Pre-Enrollment Engine Review has been completed and paid for by Client, and the Covered Engine has been accepted by PistonPower™.
- B. Enrollment Fee.** Upon the execution hereof and at the conclusion of this Agreement the Client shall make a payment as described in Exhibit B. If payment for any agreement is not received, whether required under this Agreement or under any other written agreement between the Client and PistonPower™, all services provided under this Agreement may be discontinued and late charges (as described in Subsection (F) of this Section) may be assessed.
- C. Monthly Payment.** Upon enrollment and each month during the term of this Agreement the Client shall make a monthly payment, in advance, based upon an established Hourly Rate and the minimum Operating Hours as stated on Exhibit B.
1. Not later than ten (10) days after the end of each month, the Client shall submit a report on-line using the PistonPower™ web portal, providing accurate operational information including the Aircraft Total Hours and Engine Operating Hours during the preceding month. This report must be submitted even in the event the Aircraft is not flown during a given month.
 2. If the Client's monthly report is not received within ten (10) days after due, whether required under this Agreement or under any other written agreement between the Client and PistonPower™, all services provided under this Agreement may be discontinued.
 3. Upon each anniversary, of this agreement, PistonPower™ shall be entitled to adjust its charges to the Client, establishing the new Hourly Rate for the following twelve (12) month period. Such adjustment shall be made in accordance with the annual utilization, post warranty, labor rates, and part costs.

- D. Minimum Service Charge.** The Client agrees to pay a Minimum Service Charge based upon the minimum operating hours as set forth on Exhibit B multiplied times the Hourly Rate annually, in advance. Notwithstanding the foregoing, in the event this Agreement is terminated for any reason prior to the expiration of the term set forth in Subsection IV (A) hereof, the Client shall be required to pay for that number of minimum flight hours allocable through the date of the termination and the Client's Account Balance shall be forfeited.
- E. Reporting Engine Hours Per Year.** Not later than ten (10) days after the end of each Agreement Year, the Client shall submit a report online using the PistonPower™ web portal, via email, or fax, providing accurate operational information, including the Aircraft's total time and Engine Operating Time for each Covered Engine. If Client's annual report for any agreement is not received within ten (10) business days after due, whether required under this Agreement or under any other written agreement between the Client and PistonPower™, all services provided under this Agreement may be discontinued and late charges (as described in Subsection (H) of this Section) may be assessed.
- F. Payments in U.S. Dollars.** All payments under this Agreement shall be made in U.S. Dollars, payable subject to PistonPower™'s standard payment policies and procedures.
- G. Minimum Reimbursement.** PistonPower™ will not reimburse any amounts less than Two Hundred Fifty (\$250.00) Dollars for any Repairs on Covered Components and/or Accessories, approved by PistonPower™.
- H. Late Charges.** In the event the Client fails to make any payment when due under this Agreement or under any other written agreement between the Client and PistonPower™, whether relating to payment of an invoice for the Client's repair or maintenance, and such payment remains unpaid for a period of at least thirty (30) days after the date of the invoice, all services provided under this Agreement may be discontinued. PistonPower™ shall also have the right to assess a late charge on the outstanding invoice amount at a rate of eighteen percent (18%) per annum, assessed monthly, from the date of the invoice to the date such invoice is paid.
- I. Tax-Exempt Status.** If the Client is tax-exempt, the Client must provide to PistonPower™ written evidence of its tax-exempt status issued by one or more taxing authorities upon execution of this Agreement and upon any renewal of or change to such tax-exempt status. If the Client fails to provide current proof of tax-exempt status to PistonPower™, PistonPower™ will be unable to obtain tax-exempt treatment on behalf of the Client with respect to repair and maintenance costs covered under the Agreement and shall invoice the Client directly for any taxes actually assessed.
- J. Transfer Fees.** In the event of a transfer or sale of the Covered Aircraft, as described in Subsection IV(C) and IV(D), which results in the execution of a new agreement with the Purchaser, a Transfer Fee payable by the Purchaser shall be due and payable to PistonPower™ as set forth on Exhibit B.

VI. General Provisions.

- A. Entire Agreement.** This Agreement constitutes the entire agreement of the parties here-to concerning the subject matter hereof and supersedes all prior and contemporaneous agreements between the parties. No modification of this Agreement shall have any

force or effect unless the same is in writing and duly executed by each of the parties hereto.

- B. Notices.** Any notice or other communication to be given hereunder shall be in writing and shall be deemed to have been duly given on the date of delivery, provided delivery is actually tendered at the appropriate address, addressed to the person to receive such notice, 1) in person, 2) by courier service, or 3) within three (3) days after deposit in the U.S.P.S. by first class certified mail, postage prepaid, return receipt requested, all addressed as set forth on Exhibit B or such other address as either party hereto shall designate to the other in conformity with the foregoing.
- C. Waiver; Remedies.** No delay on the part of any party in exercising any right shall operate as a waiver thereof, nor shall any waiver of any right operate as a waiver of any other right, power or privilege. The rights and remedies herein provided are cumulative and are not exclusive of any rights or remedies that the parties otherwise may have at law, in equity, or both.
- D. Beneficiaries of Agreement.** The rights and obligations contained in this Agreement are provided for the exclusive benefit of the parties hereto and shall not benefit, and do not benefit, any third parties.
- E. Force Majeure.** Neither party shall be liable for any failure or delay in the performance or fulfillment of any of its duties or obligations under this Agreement directly or indirectly resulting from any cause or circumstance beyond its control, including, but not limited to, acts of nature, Federal, State, or local laws or governmental regulations, orders or restrictions, war, war-like conditions, hostilities, mobilization, blockade, embargo or other transportation delay, detention, revolution, riot, looting, strike, lockout or other labor dispute, shortage of labor, inability to secure fuel, materials or supplies of power at reasonable prices or because of shortages thereof, epidemic, fire, or flood.
- F. Binding Effect.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.
- G. Severability.** Whenever possible, each provision of this Agreement shall be interpreted in such a manner as to be valid under applicable law. Notwithstanding anything contained in this Agreement to the contrary, if any provision of this Agreement shall be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remaining provisions of this Agreement.
- H. Waiver of Resorting to the Courts.** Each party knowingly, voluntarily, and intentionally waives any right it may have to resort to the courts in respect to any claim, dispute, or litigation arising out of, under, or in connection with this Agreement or any other document or instrument delivered to the other as of the date hereof, prior thereto, or thereafter, or any course of conduct, course of dealing, statements (whether verbal or written), or actions of the parties hereto. This waiver includes any constitutional right to a trial by jury the parties may have. Each party acknowledges and agrees that it has received full and sufficient consideration for this provision and that this provision is a material inducement for such party entering into this Agreement.
- I. Arbitration.** The parties agree that any and all claims and/or disputes between the parties arising out of or in any way relating to this Agreement, including the scope and in-

terpretation of this Agreement and the arbitrability of any claim or dispute, shall be resolved by binding arbitration by USAAA pursuant to its Comprehensive Arbitration Rules and Procedures and in accordance with the Expedited Procedures in those Rules. Judgment on the Award may be entered in any court having jurisdiction. This clause shall not preclude the parties from seeking provisional remedies in aid of arbitration from a court of appropriate jurisdiction.

- J. Venue.** Each of the parties hereby knowingly, voluntarily, and intentionally agrees that arbitration proceedings shall be held in Chicago, Illinois. Each of the parties acknowledges and agrees that it has received full and sufficient consideration for this provision and that this provision is a material inducement for such party entering into this Agreement.
- K. Governing Law.** This Agreement and the rights of the parties under this Agreement shall be governed by and construed in accordance with the laws of the State of Illinois exclusive of conflict or choice-of-law rules. The parties acknowledge that this Agreement evidences a transaction involving interstate commerce. Notwithstanding the provision in this Section with respect to applicable substantive law, any arbitration conducted pursuant to the terms of this Agreement shall be governed by the Federal Arbitration Act (9 U.S.C. Sections 1–16).
- L. Arbitration Expenses.** If a judgment is rendered in favor of a party hereto in connection with a breach or threatened breach of this Agreement by the other party, the prevailing party shall be entitled to recover its reasonable arbitration expenses, including attorneys' fees.
- M. Headings.** The titles of the sections and subsections have been inserted as a matter of convenience and reference only, and shall not control or affect the meaning, interpretation, or construction of this Agreement.
- N. Counterparts.** This Agreement may be executed and delivered in any number of counterparts, each of which shall be considered an original and all of which, collectively, shall constitute a single agreement.

EXHIBIT A

DEFINED TERMS

The following words and phrases when used in this Agreement shall have the respective meanings set forth below and shall apply to the singular and plural forms of the defined terms.

1. ABUSE means (i) operation of the Aircraft and/or Engine other than in accord with the Aircraft or Engine operating manual and Certificate of Airworthiness or (ii) maintenance, repair, alteration, change in configuration and/or design of an Airframe, Engine or Component, or use of Components that deviates from the FAA or the OEM specifications in applicable Service Bulletins, applicable maintenance manuals or repair and Overhaul manuals. Abuse specifically includes careless handling, packaging and storage, lack of sufficient protection from the elements, including but not limited to, those that expose the Airframe or Engine to the damaging effects of Corrosion, and failure to properly preserve the Engine in accordance with the OEM's specifications in applicable Service Bulletins, maintenance manuals, or repair and Overhaul manuals.
2. ACCOUNT BALANCE means the sum of the number of Flight Hours paid by the Client as part of (a) any BUY-IN, (b) ANNUAL PAYMENTS or (c) any MINIMUM SERVICE CHARGE hours, times the ENGINE OVERHAUL ACCRUAL RATE listed in Exhibit B multiplied by 100% less the ADMINISTRATIVE FEE percentage listed in Exhibit B less (d) the aggregate amount paid by or on behalf of PistonPower™ for all maintenance and repair covered under this Agreement, less (e) any taxes allocated to this Agreement, plus (f) the account balance (which may be a negative number) under all prior contracts, if any, of which this Agreement is a renewal or from which this Agreement is transferred. All amounts calculated under this Agreement shall be determined in accordance with this Agreement and as determined by PistonPower™ in its reasonable discretion from time to time.
3. COVERED ACCESSORIES means (as an example) a starter, engine driven fuel pump, alternator or magneto as further described on Exhibit C.
4. ADMINISTRATIVE FEE means the percentage listed in Exhibit B to calculate a reduction in the paid ENGINE OVERHAUL ACCRUAL RATE to compensate PistonPower™ if contractually obligated to return an ACCOUNT BALANCE if an OVERHAUL is not performed.
6. AFFILIATE means any person or entity that controls, is controlled by, or is under common control with the Client. For the purposes hereof, "control" means not less than 50% ownership.
7. AGREEMENT YEAR means the calendar year commencing on the date of this Agreement and each calendar year thereafter commencing on the identically numbered day. For example, an Agreement dated October 1, 2016, will have as its first (1st) Agreement Year the period commencing on October 1, 2016, and ending on September 30, 2017, and so on, going forward.
8. AIRCRAFT means a device, that includes Airframe or Engine that is used or intended to be used for flight in the air.
9. AIRFRAME means the body of an aircraft, distinct from its Engine as described on Exhibit B.
10. AIRFRAME/ENGINE DATA means the application for enrollment under this agreement as such on Exhibit B.

11. AIRFRAME OPERATING HOURS means the cumulative number of hours in operation of the Aircraft computed, using Tach Time, in accordance with industry standards.
12. ALTERATION means any change in configuration and/or design of an Airframe, Engine or component.
13. AGREEMENT MONTH means the calendar month commencing on the date of this Agreement and each calendar month thereafter commencing on the identically numbered day. For example, An Agreement dated June 3, 2017, will have as its first (1st) Agreement Month the period commencing on June 3, 2017, and ending on July 2, 2017. Its second (2nd) Agreement Month will commence on July 3, 2017, and end on August 2,
14. APPLIANCE means any installment, mechanism, equipment, part, apparatus, appurtenance and accessory, including communications equipment that is used or intended to be used in operating or controlling an Aircraft in flight, is installed in or attached to the Aircraft and is not part of an Airframe, Engine or Propeller.
15. ANTICIPATED AIRCRAFT FLIGHT PROFILE means the Client's Aircraft usage identified as such on Exhibit B.
16. AOG means "aircraft on ground" due to the failure of a Covered Component.
17. APPROVED REPAIR FACILITY means any maintenance facility or service center authorized by the FAA to perform the type and level of maintenance on the particular Engine(s) make and model in accord with this Agreement. Notwithstanding the foregoing, PistonPower™ shall have the right to select the maintenance facility or service center to perform the Overhaul and any off-wing Unscheduled Maintenance covered hereunder.
18. BUY-IN means a payment for usage of the Engine(s) and/or Accessories prior to enrollment in the Program, which eliminates the need for any further Pro Rata payments by the Client, except as specifically described in Exhibit B or II(C)(1) and (2) hereof, as applicable, and is set forth, if applicable, on Exhibit B.
19. CLIENT means the party defined as such on page 1 of this Agreement.
20. CLIENT PRO RATA means a portion of an invoice or an event whereby the Client shares in the cost as further described in II(C)(2).
21. COMPONENT means a part, a combination of parts, a subassembly unit of an Airframe, or Engine as referenced in the appropriate illustrated parts catalogue, which perform a distinctive function necessary to the operation of a system.
22. COVERED COMPONENT means the Engine components covered under this Agreement as listed on EXHIBIT C.
23. CORROSION means the breaking down of essential properties in a material due to chemical reactions with its surroundings.
24. CREDIT means the sum of the number of Flight Hours paid by the Client as part of (a) any BUY-IN, (b) ANNUAL PAYMENTS, (c) any MINIMUM SERVICE CHARGE hours, times the ENGINE SCHEDULED MAINTENANCE ACCRUAL RATE listed in Exhibit B multiplied by 100% less the ADMINISTRATIVE FEE percentage as listed in Exhibit B, less (d) the aggregate amount paid by or on behalf of PistonPower™ for all Maintenance and repair covered under this Agreement, less (e) any taxes allocated to this Agreement, plus (f) the account balance (which may be a negative number) under all prior contracts, if any, of which this Agreement is a renewal or from which

this Agreement is transferred. All amounts calculated under this Agreement shall be determined in accordance with this Agreement and as determined by PistonPower™ in its reasonable discretion from time to time.

25. CURRENT AGREEMENT EFFECTIVE DATE means the date specified in the first paragraph of this Agreement.
26. DOMESTIC OBJECT DAMAGE (“DOD”) means damage to the Components of an Engine and/or Airframe caused by the failure of parts within itself
27. ENGINE means the Engine identified on Exhibit B that is used or intended to be used for propelling an Aircraft. It includes appurtenances and accessories necessary for its functioning but does not include Propellers.
28. ENGINE OPERATING HOURS means the time interval as designated by the OEM approved flight manual or as recorded by TACH TIME in the permanent Aircraft records
29. ENROLLMENT FEE means the fee identified as such on Exhibit B.
30. EROSION means the gradual changing of a surface by mechanical action or friction
31. EXCEEDANCE(S) mean any operation of the Airframe and/or Engine outside the OEM’s recommended operating limits.
32. EXCLUSION(S) means the events defined in Subsection II(K) of this Agreement.
33. FAA-APPROVED REPAIR FACILITY (or their counterpart worldwide) means a maintenance facility that is authorized and licensed by the FAA (or their counterpart worldwide) and acceptable to PistonPower™ as a maintenance facility that is authorized to perform Maintenance on the Aircraft, Engines, and Components.
34. FLIGHT HOUR(S) means the cumulative number of hours, or parts thereof, in operation of the Airframe and/or Engine as applicable and indicated by the TACH meter.
35. FOREIGN OBJECT DAMAGE (“FOD”) means any damage to an Engine caused by material that is foreign to (not a part of) that Engine.
36. GOVERNING AVIATION AUTHORITY means the applicable aviation authority having jurisdiction over the Aircraft. For the purposes of this Agreement, the Governing Aviation Authority is identified on Exhibit B as the FAA.
37. INSPECTION means the comparison of an Engine or Component or parts thereof, against the applicable maintenance manual limits through disassembly, fiber optic scope, or other means approved by the Governing Aviation Authority or the OEM for the purpose of determining serviceability.
38. IN-SERVICE AIRCRAFT means an Airframe that has accrued more than Ten (10) Flight Hours, or an Engine that has accrued more than Ten (10) or an Aircraft and/or Engine that has reached an age in excess of Three (3) months from the date of manufacture or in-service date.
39. LIGHTNING STRIKE means an occurrence in which lightning has contacted the Aircraft or caused some outside electrical charge to be introduced into the Airframe or Engine.
40. NON-COVERED COMPONENT means any Component part, a combination of parts, a subassembly unit of an Airframe, or Engine as referenced in the appropriate illustrated parts catalogue, which perform a distinctive function necessary to the operation of a system that is not a Covered Component.

41. ORIGINAL ENROLLMENT DATE means the date on which the Engine, as applicable, were originally enrolled on the PistonPower™ program, as specified on Exhibit D, provided there has been no lapse in coverage.
42. ORIGINAL EQUIPMENT MANUFACTURER (“OEM”) means the original manufacturer, authorized design holder, or type certificate holder of an Engine, Component, and/or Airframe and is generally used to refer to the Original Equipment Manufacturer’s specified parts, practices, or procedures.
43. OVERHAUL means the maintenance procedure in which an Engine, or Component is disassembled to the extent needed to determine the condition of all its parts, repaired as necessary to meet “NEW” limits standards, reassembled, test run performed in accordance with the OEM’s overhaul manual and approved for return to service, in accordance with the OEM’s requirements or as otherwise approved by the Governing Aviation Authority.
44. OVERHAULED PART means a Component, part or appliance that is disassembled to the extent needed to determine the condition of all its parts, repaired as necessary, reassembled, tested and approved for return to service, in accordance with the OEM’s requirements or as otherwise approved by the FAA.
45. PRE-ENROLLMENT ENGINE REVIEW means the inspections, as such, on Exhibit E that may be required to enroll the Covered Engine in the Program under this Agreement.
46. PREVENTIVE MAINTENANCE means a simple or minor preservation operation and the replacement of small standard parts not involving a complex assembly operation.
47. PROHIBITED PURPOSE means agricultural crop dusting, production flight tests, banner towing, target towing, air show or exhibition, maritime patrol, experimental use, skydiving, racing, hostile military operations, any use of the Aircraft in connection with illegal activity, or any use of the Aircraft in such geographical or climatic environments as to expose the Airframe or Engine to the damaging effects of Corrosion.
48. PURCHASER means an individual or entity to whom or to which ownership of the Aircraft is transferred during the term of this Agreement.
49. RENTAL AGREEMENT means the agreement that sets forth the terms and conditions under which a Repair Facility or PistonPower™, as applicable, agrees to provide the Client with a Rental Component, Rental Module, or Rental Engine during Unscheduled Maintenance, if applicable and available.
50. RENTAL COMPONENT means a rental Component provided to the Client by a Repair Facility under the terms of this Agreement pursuant to a Rental Agreement between the Client and the Repair Facility.
51. REPAIR means a maintenance procedure in which a damaged Component is restored to a condition that allows it to fulfill its design function.
52. REPAIR FACILITY means any maintenance facility or service center authorized by the OEM and/or the FAA to perform the type and level of maintenance on the particular Engine make and model in accord with this Agreement. Notwithstanding the foregoing, PistonPower™ shall have the right to agree and sign off on Client’s selection of a specific maintenance facility or service center to perform any Unscheduled Maintenance covered hereunder.

53. REPLACEMENT AIRCRAFT means an Aircraft enrolled in the PistonPower™ Scheduled Engine Maintenance Program pursuant to a new agreement with the Client within twelve (12) months from the date of the termination of this Agreement under either Subsection IV(D) or (G), as applicable.
54. REPLACEMENT COMPONENTS AND REPLACEMENT ACCESSORIES means an Engine Component or Accessory that requires replacement during a Scheduled or Unscheduled event.
55. ROUTINE INSPECTION means Inspection and serviceability checks as defined as routine inspections in the OEM's Engine maintenance manuals. Routine Inspections include all scheduled checks up to Overhauls.
56. SCHEDULED EVENT means any maintenance event that is described as scheduled in the applicable operator's manual or as required by the OEM.
57. SCHEDULED MAINTENANCE means the disassembly, inspection, repair, reassembly and the functional test of an Engine, and/or Component in accordance with the requirements of the applicable maintenance, repair, and Overhaul manuals or as required by the FAA. Scheduled Maintenance does not include Routine Inspections and maintenance. Scheduled Maintenance specifically includes (i) the repair of any damage discovered during the course of performing a Scheduled Event, even if any such repair is not described and scheduled by the OEM in the applicable OEM manual.
58. SERVICE BULLETIN is a document issued by the OEM, which specifies an optional, recommended, or mandatory compliance procedure related to improving performance, maintainability, and reliability, and in some cases, may be issued to correct an airworthiness deficiency.
59. SERVICEABLE COMPONENT means an Engine or Component that is in a certifiable airworthy operating condition per the applicable maintenance manuals and the requirements of the applicable Governing Aviation Authority.
60. TIME BETWEEN OVERHAUL (TBO") means the manufacturer's recommended number of operating hours or calendar time before the Engine requires an Overhaul.
61. TRANSFER FEE means the fee identified as such on Exhibit B.
62. TROUBLESHOOTING means an investigative maintenance action that may result in the identification of a malfunctioning or failed Engine or Component.
63. UNSCHEDULED MAINTENANCE means unexpected maintenance or repair necessitated by malfunctions of an Engine, or Component or part thereof, which maintenance is not related to or required in connection with the sign off of a Scheduled Event.

Checklist for Repair Station Performing Engine Review

PistonPower™ Agreement Number:

FF _____

A/C Registration #: _____ Engine Serial #: _____

* Please initial or check mark each item as completed. List details and/or finding at bottom of page.

1. Ground run to warm up engine for compression check.
2. During ground run check idle speed, oil pressure and perform magneto check. Record results:
3. Idle speed: _____
4. Oil Pressure: _____
5. Magneto RPM drop: Left: _____ Right: _____
6. Remove Cowling from “warm” engine
7. Compare Engine Serial Number to Logbook
8. Complete a Magneto Timing Check
9. Check for oil leaks
10. Check cylinders for cracks in prone locations and around spark plug bosses
11. Check engine case for cracks
12. Check oil breather system for obstructions
13. Check compression using differential method. If Continental engine obtain master orifice reading before compression test: Compression results: #1 _____ #2 _____ #3 _____
#4 _____ #5 _____ #6 _____
14. Take oil sample and send to lab. Oil sample should be Blackstone Labs sample kit, fill out paperwork completely please. If unable to complete paperwork for sample completely please contact PistonPower™ for assistance.
15. Cut oil filter open and check for unusual metal or other contamination. If metal is found place filter media in zip lock bag. Contact PistonPower™ for further instructions.
16. Install new oil filter.
17. Reinstall cowling.
18. Check oil level.

- PistonPower™ may request a borescope inspection and possibly a valve guide inspection depending on engine condition and compression check readings.
- When this checklist is complete please scan and email in PDF format to: techsupport@pistonpower.com.
- PistonPower™ would also like a signed PDF copy of any log entry and the completed invoice emailed to the address above.
